9 April 1953

STATINTL

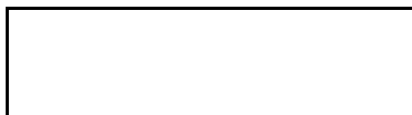

Dear :

In Mr. Houston's absence I am replying to your letter to him of 2 April 1953. As I stated to you in my letter of 18 March 1953 I submitted the detailed report of your matter, together with the patent application brief, to technical experts most competent to assess the possibility of its potential use by this Agency. The results of their study of your proposals have already been communicated to you by our representatives.

I regret that there is nothing further that I can do at this time. Once again may I express our appreciation for your gratuitous offer to make your ideas available to us.

Sincerely,

25X1A

Acting General Counsel
